FxPro's client base primarily consists of retail traders but it is increasingly servicing institutional partners as well, with transactions exclusively being executed online. Due to its rapid progression, FxPro's client services are now available in more than 150 countries worldwide.

FxPro UK Limited is authorised and regulated by the Financial Conduct Authority (FCA)(registration no. 509956). FxPro Financial Services Limited is authorised and regulated by the Cyprus Securities and Exchange Commission (CySEC)(licence no. 078/07)

Global Reach

Following an approval by the Financial Conduct Authority to extend the investment services offered by the company in the UK, FxPro has significantly increased its current presence in London and will utilise the office as the primary base for its European operations.

Transparency

On July 09, 2012 FxPro transitioned from a market making to an agency model of execution; this model is closer to the business philosophy of FxPro given that it aligns the Firm's interests with those of its Clients, eliminates any inherent conflict of interest that exists in the market making model, offers a more enhanced trading experience to the Clients, generates a more stable stream of revenues and decreases the market, regulatory, and reputational risk that the Firm is exposed to.

Our Vision

Our Vision Statement is a concise declaration of our present and future. It expresses the purpose and values of the organisation and serves as the lighthouse leading all FxPro stakeholders towards a vibrant future. Whilst it does not predict the future, the Vision Statement helps us bring it into existence. It promotes energy and vibrancy in our day to day work. It enables us to keep sight of where we are heading and how the strategy of the company is formed. Our Vision Statement is extraordinary because it contains our excitement, our drive and our values.

"Investing in our people, innovation and technology, we aspire to be the first choice of our clients, the best option for new traders and the leading provider of FX solutions, enabling customers to trade their way to success."

Risk Warning

The logo for FxPro, featuring the text 'FxPro' in a large, bold, white serif font, with the tagline 'Trade Forex Like a Pro' in a smaller, white sans-serif font below it, all set against a red square background.

Risk Warning: Contracts for Difference ('CFDs') are complex financial products that are traded on margin. Trading CFDs carries a high level of risk since leverage can work both to your advantage and disadvantage. As a result, CFDs may not be suitable for all investors because you may lose all your invested capital. You should not risk more than you are prepared to lose. Before deciding to trade, you need to ensure that you understand the risks involved taking into account your investment objectives and level of experience. Past performance of CFDs is not a reliable indicator of future results. Most CFDs have no set maturity date. Hence, a CFD position matures on the date you choose to close an existing open position. Seek independent advice, if necessary. Please read FxPro's full 'Risk Disclosure Statement'.
